**Child Guidance Policy** (Reviewed April 2021)

**The discipline Policy of Colonel Walker Programs is based on these basic facts about children:**

- Children need guidance to achieve self-direction.
- They need help developing skills to make wise decisions for themselves.
- They need protection for their health and safety.
- They need limits, directions, and rules to abide by
- The discipline directed toward them must be geared to the development of self-respect, healthy interpersonal relationships, and skills in problem solving
- We believe that intervention and communication should be the focal point of any child guidance. Children should be taught how to communicate with each other and to try not to rely on the supervisors to solve all problems. If the child cannot find a solution, a supervisor will step in to help with a solution. All action taken by the staff will be reasonable in the circumstances. Problem solving is a life skill the children will use after they have left us.

Therefore discipline is designed to teach children desired behaviour. It includes the concept of modeling or setting an example of behaviour we want the children to learn. Discipline requires an attitude of calmness, consistency, and commitment to be effective.

These goals are achieved through the use of the following values of **RESPECT, RESPONSIBILITY, AND SAFETY.**

**WE WILL DEMONSTRATE RESPECT BY:** Treating others as they would like to be treated themselves, listening carefully to any person that is speaking, and caring for personal and program property.

**WE WILL DEMONSTRATE RESPONSIBILITY BY:** Making wise choices; playing safely, being courteous, and taking steps to stop bullying.

**WE WILL DEMONSTRATE SAFETY BY:** Walking to and from the Community Centre in an orderly manner, keeping hands, feet, and other body parts to ourselves, picking up toys, materials, and placing our belongings in appropriate places (coats hung up, agendas and lunch bags inside backpacks, etc)

UNACCEPTABLE BEHAVIOURS ARE THOSE THAT INTERFERE WITH THESE VALUES, THEY INCLUDE ALL ASPECTS OF **BULLYING** BUT ARE NOT LIMITED TO EVERYTHING LISTED BELOW:

**Physical:** Pushing, grabbing, hitting, pinching, spitting, tripping etc.

**Alienation:** Gossiping, embarrassing, ethnic or gender put downs, excluding from the group, etc.

**Verbal Aggression:** Mocking, put downs, swearing or offensive remarks, abusive conversations, gestures, yelling, name calling, etc.

**Intimidation:** Threatening or forcing others to do something against their will, threatening with an object, playing a mean joke, daring, etc.

**Mimicking:** Sticking out their tongues, making faces behind someone, repeating others on purpose, etc.

Any unacceptable behaviour that interferes with the values of **Respect, Responsibility, And Safety** may include more than one of the following consequences, within reason within the context of the situation and circumstances.

1. Verbal reminder/conversation
2. Redirection towards a positive interaction with others
3. Thinking time/student think sheet
4. Accident/Incident Report written, and Parent/Guardian notified.
5. Meeting between parent/staff/program coordinator
6. Suspended up to three days (must be approved by Parent Council -Parent- Liaison)
7. Removal from Program Permanently (Must be Approved By Parent Council -Parent- Liaison)

*Punishment of any kind is not acceptable or permitted by any staff. Staff will not inflict or cause to be inflicted any form of physical punishment, verbal or physical degradation or emotional deprivation. Basic necessities will not be denied or threatened to be denied. No form of physical restraint, confinement or isolation will be allowed.*

*If a child is non-compliant and is in immediate danger of harming themselves or others, the parent will be immediately notified of the situation and requested to remove the child from the program. For their and others safety, the child will be required to stay with the parent the remainder of the day. Copies of child Guidance Policy is located in both the parent handbook and children's registrations forms; signed copies are kept in the children's files.*

My child and I have read, discussed, and understand the statements above:

## *Child Specific Information Consent*

Our first priority is to protect your child's health and safety. To ensure that we are operating with your full understanding and agreement about your family's privacy, we ask that you grant permission for any of the following interactions. Please check off each item to which you give your consent, and sign below:

- Confirming absences with the school at pick up time (included in registration)
- Collecting paperwork on your behalf from/ to the school.
- Interactions that will concern the program regarding your child from the school, school administrators or teachers.
- Outside agencies or resources that have been requested by yourself
- Written communications from you to other parents, examples: notes, invites, confirming play dates etc.

### Communication Policy (Revised Feb 2/24)

The Colonel Walker Programs requires that respectful ongoing communication occurs on a regular basis between staff, families, children, board members and school administration; Parents and staff will set an example of reasonable and respectful behaviour for themselves and others. These communications, either by phone, email or in person are documented in the staff communication book. The program will provide access to any information and community resources, a parent resource binder is located on the front counter.

Parents/guardians will be asked to complete a yearly survey each June, the surveys are compiled, and results emailed to all families helping CWP evaluate the program to better serve our family's needs. Parents will receive a monthly newsletter that contains information about the program and upcoming events. Parent/child suggestion boxes are displayed on the front counter and reviewed at monthly staff meeting and document in the meeting minutes. Suggestions are discussed with the parent liaison who shares information during the monthly parent board meeting. CWP will use the suggestions to implement obtainable goals. They may become further involved by attending parent board meetings listed in the newsletter or serving on the Parent Association Board. Parents are encouraged to volunteer at the program during regular school days and during school PD days "Fundaze" as a part of our Open Door Policy. Staff and administration will be available at any time to discuss any issues or concerns families may have. They will be handled in a timely, respectfully, and confidential manner.

Child specific information is shared only with written parental consent.
